# Code 3 Driving School teaches state-of-the-art collision avoidance techniques, proven to save lives

Code 3 students are taught to drive using the same cutting-edge training system that has dramatically reduced fatalities among law enforcement and emergency vehicle drivers. Code 3 offers:

- a completely new training system for beginning drivers using the latest cutting-edge instructional methods.
- drivers training curriculum tailored to each student's own learning style.
- dedicated professionals who focus on really teaching students how to "safely drive" not just how to pass a test.
- proven techniques and methods that have already saved countless lives.
- 1-to-1, student-to-instructor ratio.
- an instructor trained to stringent law enforcement standards (many instructors are law enforcement officers).
- 8 + hours of actual simulated vehicle emergency training is above and beyond the required training.
- a Parent Instructor Course: "How to teach your child to drive."

**Code 3 Driving School gives parents a greater peace of mind by providing life saving drivers training and safety services using state-of-the-art techniques for collision avoidance.**

Do you know?

In California, a driving instructor doesn't have to pass a driving test.

At Code 3, our instructors do!

Learn to drive with us!
